EDUCATION

Vellore Institute of Technology

Master of Computer Applications (MCA)

Jun 2024 – May 2026

8.31 CGPA

Patliputra University

Bachelor of Computer Applications (BCA)

Jun 2021 – May 2024

65.26%

TECHNICAL SKILLS

Languages: JavaScript, Python

Frontend: HTML5, CSS3, React.js, Tailwind CSS

Backend & DB: Node.js, Express.js, MongoDB, MySQL

Tools: Git, GitHub, Firebase, Postman, Netlify, Vercel, Render

Technologies: REST APIs, Authentication (JWT, OAuth 2.0), Payment Integration, AES Encryption, Context API, Redux, bcrypt

EXPERIENCE

Full Stack Web Developer Intern

Dec 2025 – Apr 2026

Briztech Infosystems

Remote

- Developed 5+ MERN-stack modules with REST APIs, payment integrations, and reusable UI components using React.js, Node.js, and MongoDB.

Full Stack Web Developer Intern

May 2025 – Jul 2025

BabyCode.org

Remote

- Secured application routes reducing code visibility by 70% and engineered white-label platforms using React.js and Razorpay.

Web Developer Intern

Aug 2024 – Dec 2024

Musiaverse

Remote

- Developed responsive React.js interfaces and improved frontend consistency by 30% using Tailwind CSS in agile teams.

PROJECTS

EventX – Full Stack Event Booking Platform | React.js, Node.js, Express.js, MongoDB, Razorpay

Mar 2026

- Engineered a full-stack event booking platform with Clerk/JWT authentication, event discovery, and end-to-end booking workflows for 500+ users.
- Implemented secure booking and payment workflows with JWT authentication and role-based access control.
- Integrated Razorpay payment gateway supporting 4+ payment methods including UPI, cards, net banking, and QR payments.
- Designed QR-based ticket validation system reducing manual verification time by 80%.
- Built role-based admin dashboard to manage users, events, bookings, payments, and refunds from a single panel.
- Optimized analytics and transaction workflows with search and pagination, improving admin efficiency by 40%.

SmartCardManager | React.js, Node.js, MongoDB, Tailwind CSS

Apr 2025

- Secured 100% of user card data with AES encryption and Google OAuth, increasing user trust and data protection by 95%.
- Validated 1000+ card entries with BIN/IIN API integration, achieving a 99% accuracy rate in card categorization.
- Created an interactive card flip UI using React state logic and Tailwind CSS, improving response time by 30%.
- Implemented advanced authentication with OTP-based recovery, JWT authorisation, and protected routes, reducing unauthorised access attempts by 90%.

CERTIFICATIONS

Full Stack Web Development, Figma UI/UX Design — PW-Skills

AWS Cloud Practitioner Essentials, AWS Technical Essentials — AWS Skill Builder

ADDITIONAL INFORMATION

Soft Skills: Teamwork, Communication, Project Management, Leadership

Languages Known: English, Hindi, Maithili

Hobbies: Exploring new technologies, building side projects, reading tech blogs
